Report of the Selectmen

We respectfully submit for your consideration the reports of the various Town Officers for the year ending December 31, 1929.

By request of Governor Allen, we appointed the following Safety Committee: Mr. S. E. Walker, Mr. C. E. Williams, Mr. M. E. Morgan, Mr. Ralph Holton and Mr. C. L. Gilbert.

This Committee will work in conjunction with a State Committee to make our highways as safe as possible under the present crowded conditions.

We were also asked to appoint a Tercentenary Committee to arrange for a Town observance of the Tercentenary celebration that is taking place throughout the State in 1930.

We appointed the following committee: Mr. A. P. Fitt, Dr. Florence Colton, Mr. J. W. Fields, Miss Mary Dalton and Mr. C. L. Gilbert, and they have a program well under way.

For your convenience, you will find a report of your Finance Committee printed in connection with the Town Warrant.

Report of the Town Clerk

Vital Statistics

It is extremely important that the **Vital Statistics** record be complete and correct. If any errors or ommissions are discovered the Clerk will deem it a favor to have them reported at once so that corrections may be made.

As required by Chapter 46, Section 15, General Laws of Massachusetts:

Notice is hereby given that the Town Clerk will furnish blanks for returns of birth to parents, householders, physicians and registered hospital officers applying for the same.

Report of Library Trustees

for the year 1928

The trustees of Dickinson Memorial Library have tried to make both the library and the building more useful than before to all of the citizens and organizations of the town. Much obsolete reading matter has been taken from the shelves, many indispensable books have been either rebound or replaced, and due regard has been paid to the wishes of our citizens as to the kind of new books desired. We have appreciated words of commendation on our efforts in these lines. Much of this increased efficiency is due to the enthusiastic service of our new librarian, Miss Ina Merriman.

In the library assembly-room the lighting has been improved. Plans are under way to repair the radiators, which have grown rusty from long disuse. It is our purpose to make this room more widely available for every legitimate purpose. The southwest corner room has been assigned to the service of Haven Spencer Post of the American Legion for the preservation of its relics. The northwest corner room will now be used by the Northfield Historical Society, whose labors for the common interest of the citizens will hereby be facilitated.

The trustees wish publicly to express their gratitude to all who have presented the library with books, relics and pictures. Particular gratitude is due to the artist, Mr. Gamaliel W. Beaman, who has gratuitously restored his valuable painting which hangs in the reading room.

The trustees are constantly mindful of their great loss in the death of Dr. Norman P. Wood, who served our library as president for many years. All of our citizens are aware of the enthusiastic service which he rendered in that capacity. Mrs. Wood has been elected to succeed him.

For the Trustees, by
FRANK L. DULEY, Secretary.

Report of School Superintendent

To the School Committee and Citizens of Northfield:—

Herewith I submit the report of the work of the Public Schools for the year 1929. It is the fifth annual report of the present Superintendent and covers the 193rd year of the Public Schools of the Town of Northfield.

Part One—In General

While nothing spectacular has been attempted and no outstanding achievement done, the year has been one of continuous progress along all lines and the end of the year finds a stronger system and a better organization. The primary end of the schools, scholarship and citizenship, are constantly in our view and all our plans converge on these two ends.

The Teaching Force:—We lost a few teachers but were fortunate in our replacements. Mr. Alfred H. Evans retired from active work after a teaching experience of 45 years. He has been an active factor in the educational life of Massachusetts his whole life and has a host of former students to whom he has given much during his long career. In the High School, Miss Agnes Goss went to Vermont, her place being taken by Miss Julia Austin, a strong and scholarly teacher. Miss Roper went to Eastern Massachusetts and Miss Taylor took her position. Miss Ruth Nickerson, a graduate of Simmons, came to take the Domestic Science. The Thurston sisters left for other places and Misses Dorothy Gary and Priscilla Wright were secured for the grade positions in the Center School. Miss Dorothy Wright and Miss Evelyn Atwood resigned and were married during the summer. Miss Margaret Baker, a graduate of the University of New Hampshire, and Miss Ethel Allen, from Salem Normal School, have carried on the Farms School in a satisfactory manner. Miss Evelyn F. Haskell was placed in No. 3 in place of Miss Truesdell, who took the upper grades in the West School.

A definite set of rules and regulations have been printed and placed in each teacher's hands. While tentative and

subject to modifications where changes may be found necessary, they have proved a definite factor in promoting a uniform method of meeting problems. With a few additions, but no change in the rules as printed, I think they will be a permanent set of regulations.

An Institute was held during the Fall term, attended by practically all of the teachers. This is, in effect, a school of methods and the ideas given us were put in effect by the teaching force.

The buildings selected for extensive repairing were the High School and West School. The High School was painted outside, a new pipe laid to the water main in the street, as the old pipe was rusted full, the furnaces reconditioned. The West School was painted inside and out, a new stairway built into the basement, a new well dug, a new pump installed and a new closet to replace a broken one. All this took a great deal more money than we anticipated when we began the work. Numerous demands arose while the repairs were in progress which we were obliged to attend to. Nothing was done beyond necessary repairs to place the building in first-class condition and to provide for the needs of the pupils attending. The income from the Belcher Fund was used to pay the balance due incurred by installing electric lights. Electricity was also installed into the East and No. 3 Schools and an outlet provided in the East School for a radio at some future time. This school has shown interest in the Friday broadcast by Walter Damrosch for the past two years, and the parents have promised personal efforts to obtain a set for use in the building. The pupils have listened to the excellent set at the Northfield Hotel by invitation of the management.

Next Fall:—A Problem will arise in the Center School at the opening of the Fall term that requires serious consideration. The number of pupils in the two upstairs rooms will be more than 90 and will approximate 100. The rooms will not accommodate that number and two teachers cannot handle so many. Two remedies are possible. Enlarge the building at No. 3 into a two-room building, so that the pupils now transported to the Center will remain at the school until ready to enter High School. The cost of the building would be at least $4,000 and the upkeep would be greater, for fuel, janitor service, etc. The second method of meeting the problem is to remodel the upper floor of the Center

School by making the recitation room over the entrance into a third room, provide this room with desks, blackboards and other essentials. The cost of all work would not exceed $800.00, in addition to the salary of the teacher, an expense that must be met by either method. The work of the grades would then be reorganized, one teacher taking the Arithmetic in all four grades, a second the History and Geography, etc. This is "Departmental Instruction" and results in economy of time and improvement in instruction. A special article is inserted in the warrant for this condition. The main walk to the High School is in bad condition and a new cement walk should be laid; the walks to the end doors need repairing.

Health:—The health of the children is in good hands. Dr. Wright, as medical examiner, has done a great deal of careful investigation and Mrs. Lilly, the Nurse, has capably helped him and done much "follow-up" work.

The town is fortunate in the membership of its School Committee. In scholarship, business ability and willingness to devote time and energy to the upbuilding of the schools of the town, it has few equals in the State. Their policy of continuous and moderate improvement in every detail, making every move count, is producing results which should please all thinking people.

Respectfully submitted,

L. W. ROBBINS,
Superintendent of Schools.

Report of School Nurse

I hereby submit a report of my work as School Nurse in the Town of Northfield for the year 1929.

Number of days spent were 35. The usual routine work, assisting the school physician, weighing and nursing the children, correcting physical defects, has been done.

Respectfully submitted,

MARION E. LILLY, R. N.

Report of School Physician

During the past year all the schools have been comparatively free from disease and nothing of an epidemic nature has occurred.

A few cases of Impetigo and Itch have been found. This is quite common during the winter months in most schools.

Some of these cases have been quite obstinate and recovery has been slow largely because of misunderstanding on the part of some parents. When a rash or any symptom of disease occurs in the schools, the teacher reports it to the school nurse, who makes an investigation in the school and at the home, and if she finds evidence of disease, she calls the school physician, who makes an examination. If he finds disease he sends the child home with a note to the parents stating the condition. If the parents wish the school physician to treat the child, they must notify him to that effect. The parents can employ any physician they wish, but the school physician does not treat the child unless

requested to do so. The school or town does not pay for the treatment.

The second adenoid and tonsil clinic was held in Alexander Hall in May. Twenty-four cases were operated on and all have made a good recovery. Another clinic will be held in May this year if the parents wish.

All the schools were examined by the School Physician, assisted by the School Nurse in September and October. It was interesting to note the better condition of throats due to previous clinics. Quite a large number of the children were found to be under weight and some anemic. It is recommended these children, so far as possible, be given warm meals and more milk and green vegetables in their diet.

During the latter part of this month we hope to be able to hold a clinic giving the Schick test to determine what children are susceptible to dyptheria, and also to give the toxin antitoxin to make them immune. We expect the district Health Officer to assist us and we hope all parents will take advantage of this clinic and come with the children.

The new water system in West Northfield school is a great help in maintaining the health of the children. During the past year better interest on the part of parents in the health of the children has been noted, and we hope this interest will grow every year.

I wish to thank the Superintendent, School Nurse and all teachers for their co-operation and assistance during the past year.

Respectfully submitted,

ALLEN H. WRIGHT, M. D.

Schools, number of days	35

To the Town of Gill 10½ days were given for school nursing.

Wherever a clinic or conference is held, there we find an interest in that particular line. We had several this year in connection with the Public Health work in this town. A successful tonsil clinic was held in May. In June we had a well attended chest clinic. The State technition brought his X-ray machine, and those who were advised to, had X-ray pictures of the chest. I am happy to say all the children were found free from tuberculosis, and only one adult was found with infected lungs.

Because of its well-equipped nursing service, Franklin County was chosen out of the State for a five-year demonstration of well-child conferences. At these conferences we want all children between the ages of six months and six years to have a physical examination. Have the defects found by the physician corrected, and a healthier first grade enters school. We held the third well-child conference in September with a splendid attendance. Last year in this State there were 8,000 children who had to repeat their grades. Each child repeating a grade costs the State and towns between $90 and $100. This extra burden of $800,000 is shared by every taxpayer. The average child will make his grade if he is healthy. For the sake of the child as well as the community, let us look to the health of our children.

Respectfully submitted,

MARION E. LILLY, R. N.

Report of Fire Chief

During the year 1929 the Fire Department responded to twenty-four alarms, an increase of fifteen over 1928. Sixteen of these were chimney fires. More attention should be paid to the care of chimneys in this town to lessen the fire hazard.

We would suggest that an appropriation of $600 be made for the ensuing year to meet the requirements of this department.

G. G. STEARNS, Chief.

Report of Cemetery Commissioners

During the past year we have endeavored to perform faithfully the duties devolving upon us. We have received and turned over to the Town Treasurer the following accounts:

Cash on hand		$ 2.00	
Sale of Lots:			
Dec. 16	Ozro D. Adams, lot No. 76	$ 1.00	
27	L. H. Wade, lot No. 69½	10.00	
28	T. A. Clark, lot No. 450	25.00	
30	Frank Kendrick, lot No. 278	1.00	
30	Herman Kendrick, lot No. 278½	25.00	
31	Edward E. Holton, lot No. 70	15.00	
31	Rent for pasture	5.00	
	Total received		$84.00
Dec. 31	Paid F. W. Williams, Treasurer	$84.00	

For Care of Cemetery

Appropriation	$300.00	
Interest on funds	685.26	
	$985.26	
Paid:		
Bills approved by committee		$979.47
Unexpended Balance		5.79
		$985.26

We ask for an appropriation of $300.00 for the care of the cemetery during 1930. We also ask for $50.00 to add to the $75.00 which was raised last year for West Northfield cemetery fence, one-half the cost of which being offered by Mr. E. D. Priest. We cannot put up a fence satisfactory to Mr. Priest and the committee for the sum raised last year. The fence at Northfield Farms is in very bad condition and we recommend a sum of money to be raised and appropriated for a new fence.

GEO. N. KIDDER,
C. I. HOLTON,
C. C. MORGAN,

Cemetery Commissioners.

Report of State Auditor

State House, Boston,
January 9, 1930.

To the Board of Selectmen
Mr. Frank H. Montague, Chairman
Northfield, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the accounts of the Town of Northfield for the year ending December 31, 1929, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,
THEODORE N. WADDELL,
Director of Accounts.

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.

Sir:

In accordance with your instructions I have made an audit of the Town of Northfield for the year ending December 31, 1929, and submit the following report thereon:

The financial transactions, as recorded on the books and records of the several departments collecting money for the

town or committing bills for collection, were examined and checked.

The books of the Town Accountant were checked in detail. The receipts, as recorded, were checked with the records in the departments collecting money for the town and with the Treasurer's records. The payments were checked with the warrants of the Selectmen authorizing the Treasurer to disburse town funds and with the Treasurer's books. The appropriations, as entered in the ledger, were compared with the record of appropriations made and listed in the Town Clerk's record of Town Meetings, being found correctly entered in the Accountant's ledger. The transfers from the reserve fund were compared with the Selectmen's record of transfers authorized. The provisions of Section 16, Chapter 39, General Laws, as amended, which requires the town to provide by by-law for a finance committee, have not been complied with.

The ledger was analyzed, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1929.

The accounts of the Treasurer were added, checked, and verified. The receipts as entered were checked with the records in the departments collecting money for the town and with the other sources from which money was paid into the town treasury. The payments were verified by comparison with the warrants of the Selectmen authorizing the Treasurer to disburse town funds and with the Accountant's books. The cash book was footed, the cash on hand was verified by an actual count, and the bank account was reconciled with a statement received from the bank.

The accounts of the Tax Collector were examined and checked. The levy of 1928, outstanding at the time of the previous examination, was audited. The commitments of taxes and of motor vehicle excise taxes for 1929 were added and reconciled with the warrants of the Assessors committing the taxes for collection. The collections were compared with the Treasurer's record of receipts, the abatements were compared with the Assessors' records, and the outstanding accounts were listed and proved.

A further verification of the outstanding accounts was obtained by mailing notices to a number of persons whose

names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

Applications made for abatements of the motor vehicle excise tax, when registrations have been surrendered, have been held by the Assessors, who have been of the opinion that no abatement could be made until the tax is paid. The granting of an abatement on a tax does not depend upon the payment of the tax, in whole or in part. However, all abatements granted should be promptly reported to the collector and posted in his books. When the collector learns that a tax which has been paid has also been abated, he should certify to the Town Accountant the amount of the overpayment, which should be refunded to the taxpayer.

The accounts of the Sealer of Weights and Measures were examined. The receipts for sealing and adjusting weights and measures were found to have been paid to the Treasurer.

The financial accounts of the Town Clerk were checked and verified. The receipts for dog and sporting licenses were verified by checking with the record of licenses granted. The payments to the County Treasurer and the Division of Fisheries and Game were verified.

The surety bonds of the Town Clerk, Treasurer and Collector were examined and found to be in proper form.

The accounts of the Public Welfare and School departments were checked. The collections were compared with the Treasurer's books and the outstanding accounts were listed.

Although the failure of the Librarian to account for and pay over to the Town Treasurer fines collected was noted in the report of the preceding audit as constituting a violation of Section 53, Chapter 44, General Laws, and while it was pointed out that payment by the Librarian from money received is a violation of Section 52, Chapter 41, General Laws, the situation remains unchanged. Fines collected have not been turned over to the Town Treasurer and the collections during the year have been spent by the Librarian.

The securities, including savings bank deposits, representing the investments of trust funds were personally ex-

amined and listed. The income from trust funds was verified and the payments made were checked. Notice has been received from the receiver of a railroad in bankruptcy that no payment will be made on a $1000 bond which is held as an investment of the Belcher Library Fund. This situation should be called to the attention of the town meeting, and the Accountant should be authorized to make the necessary entry to adjust his books to show the actual value of the fund.

In addition to the balance sheet appended to this report, there are also appended tables showing a reconciliation of the Treasurer's cash, summaries of the tax and departmental accounts, as well as tables relative to the trust fund transactions.

For the co-operation and courtesy extended by all town officials during the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDWARD H. FENTON,
Chief Accountant.
